

# Jungah Ahn

## Junior Full-Stack Developer

### KEY PROJECTS

#### iLink

[Website](#) | [Github Repo](#) | [Slideshow](#)

- A full-stack app in which users can create a single page containing a list of hyperlinked buttons, along with their profile that can be shared with a unique link
- Tester credentials: coder@test.com, test123, [tester's iLink profile](#)  
(It may take seconds to load after inactivity)
- Had CRUD, preview using iframe, user authorisation and authentication with JWT, input validations, random image generation using 3rd party API, uploading and retrieving pictures with Cloudinary
- Tech Stack: React.js, Ruby on Rails API, PostgreSQL, Cloudinary, PostCSS, MUI, Rspec, Jest, Cypress

#### Simple Memo App

[Website](#) | [Github Repo](#)

- A full-stack memo app for user to take down keywords or sentences and to see the whole list at a glance
- Had CRUD and built originally with JavaScript and then refactored with TypeScript
- Tech Stack: MERN, JavaScript, TypeScript, Mongoose, Material UI

#### iFund

[Website](#) | [Github Repo](#) | [Slideshow](#)

- A full-stack two-sided crowdfunding website in which users can create or donate funding projects
- Had CRUD, uploading and retrieving image using AWS S3, user authorisation and authentication with JWT, and payment using Stripe
- Tech Stack: Ruby on Rails, PostgreSQL, Rspec, Bootstrap

### EMPLOYMENT HISTORY

#### Translator · Freelance

December 2018 - June 2021

- Transcreated and localised advertising copies and marketing content to effectively communicate with the target market, as a preferred linguist for 8 multinational brands, providing enhanced translation quality consistently

#### Campaign Coordinator · Amnesty International Korea

May 2013 - November 2017

- Developed on/offline campaign tactics and cooperated with other stakeholders, such as media outlets and influencers, to reach out to more potential audiences and boost engagement by creating content resulting in the conversion rate tripling from around 1.5% to 4.5% on average

### VOLUNTEER EXPERIENCE

#### YOW! Conferences

14 - 15 December 2022

*YOW! is the largest independent event organiser in Australia for software development*

- Conducted conference preparations: setting up the event venues, guiding attendees, and other duties

#### Parkrun

May 2021 - Present

*Parkrun is a free 5-km event for walkers and runners that takes place every Saturday*

- Volunteered as a marshal, barcode scanner, or pacemaker once every 2-3 months
